

Portway Press

Highlight of the week

This Thursday, children's favourite characters took Portway by storm.

The day was a HUGE success and we all went home having shared a very fun and inspiring day together!

Badminton

On Tuesday, Portway pupils shone in a badminton competition.

Kai (Old Street) said, 'I feel we all tried our hardest and it is the taking part that counts.

Everyone did a great job.' Also, Raghad (Old Street) reflected, 'I really enjoyed our trip. We all played incredibly well and I would love to go again sometime.'

Science proves that exercise makes the brain better at creating new brain cells and neural pathways – so get exercising!

Forthcoming Events Clubs

We are in the process of organising the clubs that will be offered in the summer term – watch this space and get ready for an activity-filled summer term.

Sing Up Day

On Wednesday 14th March there will be a singing performance in school. All families are invited. Years 1,2 and 3+ choir perform at 9:00-9:45 Years 4 and 5+ choir perform at 9:45-10:15

E13 Groove Up Brass Band Concert

On Wednesday 14th March, children from the E13 Groove Up Brass Band are performing live at a concert.

Attendance

Our school target is 96%. This week the whole school attendance was **95.6%**, an improvement on last Term!

Congratulations to Angel class who achieved the highest attendance AGAIN this week with **99.1%**! That's 3 weeks in a row!

Congratulations to Green Park, Baker Street, Hoxton, Hamstead Heath and Whitechapel, with no late marks, keep up the great work!

Views on the News

Massive Monsters!

I learned that Pentagotitan is the biggest dinosaur. I know it is the biggest dinosaur ever and bigger than the mighty and legendary T-Rex. I know the age is: Early Cretaceous C100 million years ago. I noticed that it has the longest neck.

Ayaan Mohhamed

This article is all about dinosaurs and some other creatures in the past. I liked about this article that I could see all the other creatures. In this article I learnt that some dinosaurs were discovered by people. This article is also about sharks. I learnt from this article that there are 5500 sharks in Australia in the East Coast.

Malachi Dookna

This article is about travelling to Germany safely. What I really liked about it is that Germany is nice and I'm happy they picked that country. What I don't like is that there is air pollution, but they have a plan. Germany is my second favourite country of all. The plan is still in the early stages so no one is quite sure how it will be funded.

Stay Safe Online

Create a family agreement to promote online safety for your children.

- What does your family use the internet for?
- Which sites are you happy for your children to use by themselves?
- Which sites do you only want your children to use when supervised?
- What do you want your children to do if they feel unsure online?
